He's back again!! **"A conclusion is simply the place where you got tired of thinking"**

Well the OA was out Scuba Diving. About 12 OA brothers where there. See you at the BBQ this month, at the Baldwin Scout House.

EMERGENCY PREPAREDNESS

That was the theme this month. Our fearless Roundtable commish, Ed who is a Merit Badge Counselor for this merit badge showed off some of his skills and knowledge of the ins and outs of this REQUIRED Merit badge. Starting of with that wonderful fire drill in which, well lets just say our district will be hurting for leadership if it was a real deal. Since no-one left their seats to evacuate. He also discussed safety in buildings such as locating the nearest exit and fire boxes. This badge is not all about fire as Ed explained but about other aspects of being prepared. Such as car safety, seeking shelter on an overnight from a storm, searching for little "Johnny Scout" lost in the woods, to looking around an accident scene for other dangers. There is a reason Ed said for this badge to be a REQUIERED one for the EAGLE SCOUT rank. That reason is this merit badge goes into the deeper part of being Prepared. It is about learning the skills needed to provide a safe place for Scouting and being ready for any Emergency. Knowledge of what to do is 90 % of what is needed to help someone else or yourself from being hurt and keeping you safe in case of that EMERGENCY. So Encourage your Scouts to Earn this Merit badge.

No need to cry.... This scouting season is over, but look on the bright side we will be back next year and we want to see that great smile again. **HAVE A SAFE AND FUN SUMMER !!!!!!**
